Good afternoon Jackie,

Thank you for taking the time to speak with me today about the Class A Restricted application and certification process. As discussed, I'm sending this follow-up email to summarize the items you will need to complete in order to obtain the Class A Restricted Certificate. Please reference the compliance requirements you will need to complete below.

1. **Proof of Publication:** The Public Service Commission (PSC) will contact you and provide a Notice of Filing that must be completed and published per the PSC's instruction. If you have any questions about the Proof of Publication, please contact the PSC via email at contact@psc.sc.gov or by phone at 803-896-5100. They will need to assist you with this requirement.
2. **Proof of Insurance (Form E):** A Form E will need to be submitted to the Office of Regulatory Staff (ORS) that meets the minimum insurance requirements listed in the Class A Restricted Application. Regarding the Form E, your insurance company can email it to transportation@ors.sc.gov, or can submit it electronically via NORS.
3. **Safety Audit:** Regarding the Safety Audit, please contact the SC State Transport Police (STP) at 803-896-2696 to schedule a safety audit. STP can also assist you with obtaining a DOT Number, which you will be required to have since your buses carry more than 15 passengers.

As we discussed earlier, in addition to completing these requirements, the PSC will issue a Directive and then an Order before your Class A Restricted Certificate can be issued by ORS. If you have any questions regarding these requirements or the certification process, please let me know and I'll be happy to assist.

Thank you!

Good Morning All,

I am the ED at Antioch Educational Center.

I recently received :

This is an eService notification for Matter ID 296798

Summary: **Application of Antioch Educational Center for a Class A (Restricted) Certificate of Public Convenience and Necessity for Operation of Motor Vehicle Carrier**

Docket/NDI Number: [2021-30-T](#)

To CONFIRM electronic service of this matter [click here](#)

To VIEW the matter on the DMS Web Site [click here](#)

Alternately, you may login to MyDMS at <https://dms.psc.sc.gov/mydms/> to view and confirm all of your eService notifications.

This notification was sent to antiochexec@yahoo.com

- The Public Service Commission of South Carolina

I did go out and confirm receipt of notification.

Is there any other step that needs to be taken by AEC at this time? Is there a website that we at AEC can go to that may assist us in the upcoming steps that AEC/we will need to take to complete this process?

Thank you in advance for your response.

Hi James,

happy new year to you.

Here is the application that I have done for our project. I appreciate any information you can provide on this app. Needless to state I hope to hear back from you very soon as I want to submit the app as soon as I can. However, I will not do so until I hear back from you..

Thank You,

Jackie

Good afternoon,

Sorry for the delay in email and information, I have been sick for last couple of days and hope this to you.

Per our conversation, the type of bus line you wish to operate would be covered by a Class A Restricted Certificate of Public Convenience and Necessity. Attached to this email will be copies of the SC PSC's (SC Public Service Commission) Rules and Regulations, which outline the definitions for what a Class A company is and also the requirements to operate such within the state, and a copy of Title 58 Chapter 23 of the SC Code of Laws, which outlines what specific state law covers operating of such. Below is a link to the SC PSC website page with the Class A Application Packet. Also will be links to their full website and also ours (SC Office of Regulatory Staff).

If you have any questions or concerns, please feel free to contact me at anytime. Thanks
